

GRUUV ELEMENT'S

GruuvElement's are a house duo, as the name suggests packed full of 'Gruuv' which runs deep throughout their productions and DJ sets. The all encompassing house act consists of the humble hard-working Mihai Volonci and Sile Sandor whose sole aim is to get everybody Gruuv'in.

Since their inception in 2010 they have released on a number of highly renowned labels; Lapsus Music, Natural Rhythm, Stereo Productions and Under No Illusion Recordings.

In the summer of 2016 the duo moved to London which saw them take a brief hiatus only to return more prolific than ever with releases on CUFF Recordings, Infamous Recordings, SK Recordings and VIVa Music.

Along the way they have gained regular support from the likes of Carl Cox, Carl Craig, Derrick May, DJ Sneak, Francisco Allendes, Groove Armada, Horatio, Huxley, Joseph Capriati, Luna City Express, Marco Carola, My Favourite Robot, Paco Osuna, Paolo Martini, Prok & Fitch, Rob Roar, Richie Hawtin, Sante, Sasha, Stacey Pullen, Richie Hawtin, System 2, Timo Maas and Yousef.

All of this has culminated in recent recognition through the DJ Awards 2017 where they picked up the Dance Nation award on behalf of their homeland Romania. In 2018, they hit the ground running with a heavy hitting EP on Paolo Martini's label Paul's Boutique reaching number 66 and a remix of Marst's 'Moonraker' hitting number 62 in the Beatport Tech House charts.

If they weren't already, GruuvElement's are certain to be propelled into the 'in demand' category for labels and event organisers worldwide.
