

At the young age of 21 Jay De Lys has already carved out a sound defined by fat bass-lines, detailed percussive grooves and complex synth-lines composing his high-end minimal tech style.

This has already seen Jay secure releases on top labels; Blackflag Recordings, Deeperfect, Elrow, Material Series, NonStop and Under No Illusion Recordings to name a few. Whilst most recently releasing on heavyweight labels; Kaluki, Lee Foss' Repopulate Mars, Leftwing & Kody's Lost Records, Toolroom and further releases planned for Underground Audio, VIVA Music and a long line of suitors requesting remixes and originals for their labels.

This has been further echoed through the support he is gaining from the world's best DJ's regularly playing his tracks out with electric crowd responses; De La Swing, Joey Daniel, Lee Foss, Leftwing & Kody, Neverdogs, Pirate Copy, Solardo, Stacey Pullen, Wade and the kingpin of MusicOn Marco Carola along with too many others to mention.

Jay is not only in demand with his DJ peers, record labels and fans, he has amassed numerous guest-mix sessions for shows; Pioneer DJ "Undiscovered Talent of the World", Playgroove Podcast on Ibiza Global Radio and the highly esteemed Marco Carola brand MusicOn's radio show "It's All About the Music".

This has led to Jay touring to play in the world's most renowned clubs and parties on the dance music circuit; Sankeys, Ibiza, Connect, Savage - Buenos Aires and Bestial Beach Club, Barcelona, Basing House, London and recently returning from several tours one including a 15+ date tour of Europe, an Ecuador tour and due to popular demand Jay returns to Europe for a second time in 2018.

At the start of 2018 Jay was picked by dance music royalty Pete Tong on his BBC Radio 1 'New Names Mix' for 2018, truly announcing his arrival as one of the hottest emerging stars on the scene right now. With releases on Blackflag Recordings, Elrow, Material, NonStop, Repopulate Mars, Roush and Toolroom, Lost Records, Underground Audio and VIVA Music. With 2019 barely underway Jay is showing no signs of letting up with releases on Clarisse Records, Snatch Records, Desert Heart Records, Material and a return to Toolroom. No wonder he is the name on everyone's lips!
